Food Program Training

Thank you to everyone who attended and helped to make our 2016 trainings a huge success! We had lots of fun learning how to get down and dirty in the garden, sharing stories and lots of laughs. It is always good to get together to learn something new!

If you were unable to attend this year, a postcard will be mailed this summer letting you know how you can obtain your required two hours of CACFP training.

Tips For Success

- Many children have nicknames, but please be sure to write names on your attendance and meal count just as they appear on the enrollment. It could appear you do not have an enrollment for a child and you could miss out on reimbursement.
- Menus are due to our office by the **third** of each month. Being prompt helps us to meet deadlines that we have in processing your claims for reimbursement.
